**Quest for Atlantis II**-R. Cedric Leonard 2005 The work is an outgrowth of an earlier work entitled "Quest for Atlantis," two scientific papers and my continuing website. It gleans its support from a number of scientific disciplines, deliberately utilizing data collected by the very scientists who so rigorously oppose the concept of Atlantis. Its most significant contributions to Atlantean studies are in the fields of Linguistics and Anthropology.

**Nick West Adventures: The Quest For Atlantis**-Jerry Fogarty 2013-03-01 Join Nick West and his friends in their second action-packed adventure as they travel the world in search of the Lost City of Atlantis. They must find the clues, follow them, and escape near death experiences. During their adventure, Nick and his friends encounter a group known as The Fell Knights of Tudor. The Fell Knights of Tudor steal artifacts by any means necessary, make copies of them, and sell the copies on the black market as the originals. They find out about the items that Nick is looking for and steal them from him. Will The Fell Knights of Tudor find Atlantis and use its technology for their evil doings? Will Nick and his friends retrieve the items and find Atlantis before The Fell Knights of Tudor? Only time will tell.

**The Wrath of Atlantis: With Strange Aeons**-CJ Moseley 2017-09-18 Professor Andrew Kemp hasn't been having the best year, not since he stumbled on a secret Cabal of industrialists. Work has been fraught, his relationships ruined, even his best friend has abandoned him, but at least now it is finally over. Or so he'd hoped. It seems coincidence, the machinations of the surviving members of the Windermere Group, the Police, and his own friends will draw him once again into an adventure that will leave him questioning everything. Bizarre designer drugs, dark cults, and forgotten prehistory are going to make life very interesting for Andy and his friends.

**Digital Games in Language Learning and Teaching**-Hayo Reinders 2012-06-12 Recent years have seen a growing interest in the pedagogical benefits of digital games, which have the potential to engage learners and to encourage interaction in the target language. The use of digital games in language education is based on the premise that successful learning is integrated into the sociocultural context of learners' lives and encourages collaboration and lifelong learning, bridging learning within and outside the language classroom. However, the potential of digital games has not been properly investigated from a second language learning and teaching perspective. This volume presents the first dedicated collection of papers to bring together the state-of-the-art in research into game-based learning. It includes theoretical, empirical, and practice-oriented contributions and as such will appeal to anyone with an interest in the most recent developments in language education.

**Gruff: Rising Sons**-Alexter Albury 2010-06-28 Three-hundred years after the fall of Loda Durak, a new evil has risen to test the might and authority of Gruff. A warlock empowered by shadow and darkness has come to usher in a new era on Atoria. Through dark magic, demonic soldiers, and the lost technology of an ancient civilization, Lord Shima forces change and terror on Gruff's planet. With the powerful aid of his three sons and the awesome might of a life-altering stranger, Gruff must once again stand against a fearsome adversary. As Gruff races against time and space to save his world, he must also hold together his band of young and impulsive soldiers who are much too eager to prove their worth. Armed with razor-sharp steel, unimaginable armor, and mind-blowing strength, Gruff and his impetuous men slay demons and beasts on their path to Lord Shima's cancerous kingdom of Atlantis.

**Yldrath's Baffling Quest**-Stefan B Sigfried 2015-03-03 Three must find an heir to a dying king: Yldrath, a mythical figure with great powers; Podrg, a close friend of the king; Steldan, a kitchen boy elevated by circumstances to his position. Their weapons: necklaces and swords with eternal stones, which can give them unlimited powers - if they understand how to use them. This action packed story revolves around the struggle between the peaceful way of Ehl'Ge'tild and the more energetic - and selfish - way of Ihl'S'told. Love mixes with lust, honour meets bitter betrayal, selfish greed competes with altruistic sacrifice. What is evil and good? Truth? Love? Things go awry, people die and new contenders appears. Yldrath changes as does his main enemy Bevelug, a woman. Does she want to kill Yldrath or marry him to establish a great new dynasty? Mix Narnia, The Lord of Rings and Harry Potter. Add illusions created in an Orwellian manner and a dash of The Alchemist and we get a Shakespearean mix of comedy, romance and tragedy - but with more action. Enjoy!

**Alterquest. the Alternative Quest for Answers**-Karen Fiala 2006-08-01 It's the 21st century and what have we got to show for it? Does humanity really want to continue its downward spiral or are we ready to create a different reality? The purpose of this book is many-fold. 1. It shows you ways in which our civilization can progress. 2. It challenges all the old methods of doing things. 3. It offers workable methods, which have been tried and proven by individuals and communities all over the globe, with the sole purpose of making life better. 4. It is interactive. It offers its readers an invitation to join the AlterQuest Organization and be part of a practical Global Network for the advancement of our world. AlterQuest is the most exciting, inspirational book you will ever read. Its topics will give you unlimited hope for the present and the future. You'll find yourself grasping at every wonderful idea with a renewed sense of enthusiasm. Here at last we have the answers we've all been searching for.

**Religion, Supernaturalism, the Paranormal and Pseudoscience**-Homayun Sidky 2019-11-30 "Religion, Supernaturalism, the Paranormal, and Pseudoscience" provides a comprehensive rejoinder to the challenges posed to science, scientific anthropology, evolutionary theory and rationality by the advocates of supernatural, paranormal, and pseudoscientific perspectives and modes of thought associated with the current rise of irrationalism, antiintellectualism, and emboldened religious fundamentalism and violence. Drawing upon H. Sidky's scientific anthropological background and ethnographic field research of supernatural and paranormal beliefs and practices in several cultures over three decades, the book answers several important questions: Why do humans have a proclivity for the supernatural and paranormal thinking? Why has humanity remained shackled to sets of ideas inherited from a violent past that have no basis in reality and which bestow an illusionary solace, promote bloodshed, endless cruelties and fervent hatreds, and have come at a high cost? Why have ancient superstitions been held as sacred, inviolate truths while other aspects of the archaic belief systems of which they were a part have long been discarded? Why have not humans outgrown religion and paranormal beliefs?

**The Lost Continent of Pan**-Susan B. Martinez 2016-12-15 Reveals the Pacific Ur-culture that seeded the ancient civilizations of China, Egypt, India, Mexico, and Peru • Shows how the Pan diaspora explains the similarities between Gobekli Tepe and Toltec carvings and stone towers in Japan and on Easter Island • Reveals the mother tongue of Pan hidden in shared word roots in vastly different languages, including Quechua, Sanskrit, Japanese, Greek, and Sumerian • Explains the red-haired Caucasian mummies of China, the Ainu of Japan, the presence of “white” humans in early Native American legend, and other light-skinned peoples found in Southeast Asia and the Middle East The destruction of the vast continent of Pan–also known as Lemuria or Mu–in the Pacific Ocean 24,000 years ago was the greatest catastrophe that ever befell humanity. Yet it resulted in a prehistoric Golden Age of arts and technology thanks to the Sons of Noah, who, forewarned and prepared for the disaster, escaped in 5 organized fleets. Theirs was the masterful Ur-culture that seeded China, Egypt, India, Mexico, and Peru, explaining the sudden injection of the same advanced knowledge and sophisticated arts into those widely separated lands. Examining the diaspora from the sunken continent of Pan, Susan B. Martinez finds traces of the oceanic Pan civilization in arts and technologies from canal-works, masonry, and agriculture to writing, weaving, and pottery, but most importantly in the art of navigation, the hallmark of the survivors of the catastrophe. Using archaeo-linguistic analysis, she reveals the mother tongue of Pan hidden in strikingly similar words for royalty, deities, and important places in vastly different languages, including Quechua, Maori, Sanskrit, Japanese, Chinese, Greek, and Sumerian, as well as English through the prefix “pan” which denotes “all-encompassing.” The author reveals how the Pan diaspora explains the mound builders on each continent, the presence of “white” humans in Native American legend, the red-haired mummies found in China, and the Ainu of Japan. She shares recent genetic studies that reveal Polynesian DNA in central Europeans, Mesopotamians, South Americans, and the 9000-year-old Kennewick man and shows how Pan provides the missing link. She reveals why carvings at Gobekli Tepe are similar to Toltec artistry, why stone towers in Japan and Easter Island are identical, and how the Pacific Ring of Fire was activated. Moving the Garden of Eden from the Fertile Crescent to the South Seas, Martinez strikes down the pervasive view of Atlantis as the source of ancient knowledge and exposes the original unity of mankind on the ancient Pacific continent of Pan.

**Salomon Slackwater and the Ferrymen in the Black**-Edward L. Deberry 2016-01-09 THE OLD GREEK AND ROMAN GODS will do anything to bring the science-loving men of Atlantis back to their religious ways. They dispatch the Ferrymen, the soul shuttlers of the newlydead, in an attempt to scare up prayers. However, they inadvertently bring friends and foes together, in an epic quest to defeat the greatest villain of them all: death itself! Salomon Slackwater, AKA Nathaniel, is quickly put in the middle. His life has been, apparently, leading up to just this: a backwards, upside-down, anything can happen final confrontation of wits, between the holier-than-thou Powers That Be and the emptiest skull in the room...

**Lying Wonders of the Red Planet: Exposing the Lie of Ancient Aliens**-S. Douglas Woodward 2014-06-18 The history of the Red Planet features enchanted fiction, diabolical deception, frustrated hopes, cutting-edge science, and dark occult beliefs. Over the past half-century, this story intensified as the exploration of our planetary neighbor expanded with satellite photo-flybys and robotic science labs creeping across the Martian surface. Despite discovering Mars' unsuitability for life of most every kind, myths continue to flourish about intelligent life once present there, channeled encounters with aliens, rapid space travel back and forth to Mars, and a massive military base some ancient alien theorists believe exists below its surface. "(Woodward) hits every important topic regarding the burgeoning UFO phenomena in what may become a researcher's go-to guide for UFOs, ET, and whether intelligent life ever existed (or exists today!) on Mars."— L. A. Marzulli, (from the Foreword). S. Douglas Woodward has written seven books on alternate history, biblical eschatology, religion, and philosophy.

**Watcher**-Nhys Glover 2018-08-07 When Raphael Umbria Jumps to Ancient Alexandria in search of the Divided Knowledge of Atlantis, he doesn't appreciate being distracted by a youth who runs a street gang and uses martial arts that are out of place in the Ancient Roman Empire. But Jin is an anomaly he can't figure out, and though he has never been interested in his own sex before, he starts to wonder if his intense obsession with the boy might indicate that Jin is his Key, the one person who can bring him fully back to life after hundreds of years of numbness and sterility. Jin is on a quest of her own. Masquerading as a boy, she searches for a Watcher, one of those who, throughout history, have studied mankind from a distance and know all the secrets of time itself. She made a deathbed promise to her Master to find this man, discover when the demons would end the world, and get that information back to his Taoist temple in the Far East. Could Rafe be the Watcher she's looking for?

**These Are The Voyages**-Arnold van Beverhoudt 2013-10-05 Compiled from documents in naval and aerospace museums around the world, this is a unique look at the ships of sea, air, and space that have carried the name Enterprise – a name with a heritage spanning more than 800 years. For the first time, it's all here in one concise volume: o A detailed, 130-page narrative history of the ships and their heroic crews. o More than 80 illustrations, including official photographs and ship profile drawings. o An appendix listing more than 190 vessels named Enterprise. o Extensive notes and a bibliography listing more than 110 sources for further reference. This isn't just a book of facts and figures, but a stirring tale of adventure, discovery, and courage, often told in the words of those who were there. This revised 2nd edition updates the stories of the naval vessels through the deactivation of the aircraft carrier USS Enterprise (CVN-65) and the latest adventures of the starships Enterprise. Come and relive the epic voyages!
