The Sexual Paradox: Troubled Boys, Gifted Girls, And The Real Difference Between The Sexes

The Sexual Paradox-Susan Pinker 2008 Why do girls do so increasingly well at school, yet men still dominate senior positions in adult life? In this strikingly thought-provoking and original book, Susan Pinker takes a hard look at how fundamental gender differences play out at school and at work. By comparing the lives of troubled schoolboys who later succeed, with those of high-achieving girls who later opt out, Pinker turns several assumptions upside down: that women and men are biologically equivalent, that intelligence is all it takes to succeed, and that men and women want the same things out of work and life. Drawing on both the experiences of individuals and on scientific research, Pinker walks us through a series of minefields; Are males the more fragile sex? Which sex is happiest at work? Why do some male school drop-outs earn more than the bright, motivated girls who sat beside them at school? What does science tell us about competition? After four decades of women's educational achievements, why do men still outnumber women in corporate law, engineering, and politics? Men and women are not mirror images of each other, Pinker argues, and discrimination is not the only reason for the persistent gender gap. As entertaining as it is provocative and enlightening, *The Sexual Paradox* reveals how fundamental sex differences influence male and female ambition and career choices, and lend new meaning to the phrase 'the opposite sex'. 'The Sexual Paradox highlights some central puzzles about exceptional men and women. Why did Cavendish, Faraday, Darwin and Bill Gates never complete their degrees? And why do high-flying business women not behave like their male counterparts? Susan Pinker's wide-ranging look at the nature of the sexes is a highly readable and welcome contribution to this perennial debate.' Professor Simon Baron-Cohen

The Handbook of Language, Gender, and Sexuality-Susan Ehrlich 2014-03-19 Significantly expanded and updated, the second edition of *The Handbook of Language, Gender and Sexuality* brings together a team of the leading specialists in the field to create a comprehensive overview of key historical themes and issues, along with methodologies and cutting-edge research topics. Examines the dynamic ways that women and men develop and manage gendered identities through their talk, presenting data and case studies from interactions in a range of social contexts and different communities. Substantially updated for the second edition, including a new introduction, 24 newly-commissioned chapters, ten updated chapters, and a comprehensive index. Includes new chapters on research in non-English speaking countries - from Asia to South America - and cutting-edge topics such as language, gender, and popular culture; language and sexual identities; and language, gender, and socio-phonetics. New sections focus on key themes and issues in the field, such as methodological approaches to language and gender, incorporating new chapters on conversation analysis, critical discourse analysis, corpus linguistics, and variation theory. Provides unrivalled geographic coverage and an essential resource for a wide range of disciplines, from linguistics, psychology, sociology, and anthropology to communication and gender studies.

Audacious Cures for America's Ailing Schools-Bruce J. Gevirtzman 2011 The problems in our nation's schools, and the cures for those problems, have been mired in confusion, innuendo, and deception. It is time someone separated the truths about our schools from the lies. Now retired from education, and finally free to speak up, veteran high school teacher Bruce J. Gevirtzman reveals his shocking ideas for fixing our public schools. Gevirtzman uncovers information that most of our leaders and many of our educators don't want you to know about, and here he tells all. Sometimes disconcerting, often funny, and always enlightening, *Audacious Cures for America's Ailing Schools* takes us on a journey to education reform that works.

Bridging the Gender Gap-Lynn Roseberry 2014-07-25 Despite decades of efforts to promote gender equality, most leadership positions in business, politics, education, and even NGOs are occupied by men, and most people still work in occupations dominated by one sex. This book argues that gender imbalances in leadership and occupations are not simply a moral issue or an economic issue, but a governance issue. Gender imbalances persist in large part because the very people with the authority and influence to do something about them know very little about gender and how it works in their organizations and in society at large. Gender imbalanced governance is an expression of entrenched ideas about masculinity and femininity that lead to poor decision making. Improving the quality of governance requires action to counteract the main justifications for the status quo. Based on interviews and conversations with leaders and managers in Europe and the United States, the book presents seven of the most common explanations for persistent gender imbalances and shows how they are based on common stereotypes and myths about men's and women's abilities and preferences. This book provides a guided tour of current research about gender from a multi-disciplinary perspective. It challenges commonly held assumptions and offers alternative explanations and corresponding principles to guide individual decisions, action, and behaviour toward achieving gender balance.

Globalizing Education, Educating the Local-Ian Stronach 2009-12-16 Provides a critical account of how contemporary educational knowledge is put together and presented in the global knowledge economy, redefining the actors in the education process, including principally the child, pupil, and learner, but also the teacher, parent, inspector and policy-maker.

Designing Social Research-Ian Greener 2011-04-13 *Designing Social Research* aims to guide students and new researchers using everyday non-jargonised language through the jungle of setting up their own research study. Ian Greener provides readers an accessible combination of guidance on how to practically plan one's research and understand the underpinning methodological principles that should inform the decisions we make about the methods we plan to use. This is the perfect starter book for anyone looking to design their own research project and make sense of and justify the many decisions that go into the research design process. The goal throughout is to enable students and researchers to assess the appropriateness of a range of methods and to get understanding of the strengths and

limitations of different approaches to research. Greener highlights key debates in the field - both philosophical and practical - and presents them in such a way that they remain constantly relevant to research practice of his readers. Coverage includes: - Framing an effective research question/problem; - Examining the jargon of social research; - The links between theory, methodology and method; - The role of literature reviewing in research design; - Managing and planning the research process; - Sampling; - Qualitative designs; - Quantitative designs; - Mixed methods designs; - Data analysis. Designing Social Research will be ideal first reading for M-level students and undergraduates planning significant research projects for their dissertations. It will also be invaluable to first year PhD students considering how they will go about their research projects.

The Ape that Understood the Universe-Steve Stewart-Williams 2018-09-13 Uses evolutionary psychology and cultural evolutionary theory to explain the mysteries of the human mind to an alien scientist.

The Language of Female Leadership-J. Baxter 2009-11-19 Could language be a reason why women are under-represented at senior level in the business world? Using data from senior management meetings, this book explores how female leaders use language to achieve their business and relational goals by arguing that senior women have to develop linguistic expertise in order to be effective leaders.

The Oxford Handbook of Women and the Economy-Susan L. Averett 2018-05-15 The transformation of women's lives over the past century is among the most significant and far-reaching of social and economic phenomena, affecting not only women but also their partners, children, and indeed nearly every person on the planet. In developed and developing countries alike, women are acquiring more education, marrying later, having fewer children, and spending a far greater amount of their adult lives in the labor force. Yet, because women remain the primary caregivers of children, issues such as work-life balance and the glass ceiling have given rise to critical policy discussions in the developed world. In developing countries, many women lack access to reproductive technology and are often relegated to jobs in the informal sector, where pay is variable and job security is weak. Considerable occupational segregation and stubborn gender pay gaps persist around the world. The Oxford Handbook of Women and the Economy is the first comprehensive collection of scholarly essays to address these issues using the powerful framework of economics. Each chapter, written by an acknowledged expert or team of experts, reviews the key trends, surveys the relevant economic theory, and summarizes and critiques the empirical research literature. By providing a clear-eyed view of what we know, what we do not know, and what the critical unanswered questions are, this Handbook provides an invaluable and wide-ranging examination of the many changes that have occurred in women's economic lives.

Verbal Hygiene-Deborah Cameron 2012-03-15 In Verbal Hygiene, Deborah Cameron takes a serious look at popular attitudes towards language and examines the practices by which people attempt to regulate its use. Instead of dismissing the practice of 'verbal hygiene', as a

misguided and pernicious exercise, she argues that popular discourse about language values - good and bad, right and wrong - serves an important function for those engaged in it. A series of case studies deal with specific examples of verbal hygiene: the regulation of 'style' by editors, the teaching of English grammar in schools, the movements for and against so-called 'politically correct' language and the advice given to women on how they can speak more effectively. This Routledge Linguistics Classic includes a new foreword which looks at how the issues covered in the case studies have developed over time and a new afterword which discusses new concerns which have emerged in the last 15 years, from the regimentation of language in the workplace to panics about immigration and terrorism, which are expressed in linguistic terms. Addressed to linguists, to professional language-users of all kinds, and to anyone interested in language and culture, Verbal Hygiene calls for legitimate concerns about language and value to be discussed, by experts and lay-speakers alike, in a rational and critical spirit.

How Women Mean Business-Avivah Wittenberg-Cox 2010-06-01 Why Women Mean Business showed you why business needs to change. Now Avivah Wittenberg-Cox's new book shows you how to achieve a healthy and profitable balance. We know that business needs more women. Gender balance has been proven time and time again to lead to more innovation, better business performance and corporate governance. The only question is, how can business leaders make this happen? Avivah Wittenberg-Cox, an acknowledged world authority on women and business, points the way. In four simple steps she provides guidance on how to bring about real change: • Audit - where are you really at with gender balance now? • Awareness - Opening your eyes to what better gender balance could mean for your company • Alignment - Ensuring the buy-in that will bring about real results and change • Sustain - Building gender diversity into corporate DNA This lively, hands-on guide is packed with research and case-studies showing how some of the world's biggest blue-chip firms have done it. Women are most of the talent and much of the market - you need this book.

Break Your Own Rules-Jill Flynn 2011-08-02 New York Times Bestseller How women can make it to the top by adopting the new rules of leadership Women hold just 11 percent of the most senior-level leadership positions in U.S. Corporations—a number that hasn't changed in over 30 years. How can women break through? Break Your Own Rules distills the six faulty assumptions (or "rules") most women follow that get in the way—then delivers the correlating new rules that promise to clear that path. For example, the old rule of "Focus on Others" must be replaced by "Take Center Stage," "Hard Work Will Get You There" must yield to "Be Politically Savvy." "Play It Safe" must give way to "Play to Win." "Ask Permission" must be replaced by "Proceed Until Apprehended." Features the results of over 1,700 interviews with executives in Fortune 1000 companies, as well as the authors' new research and ongoing work with over 5,000 professional women Showcases previously-untold stories from high profile women including Ann Moore (CEO, Time Inc.), Susan Ivey (CEO, Reynolds American), Cathy Bessant (Global Executive for Technology and Operations for Bank of America), Lynn Ford (CEO, ING Solutions), and more Reveals what it really takes for any woman to succeed at the highest levels Foreword by Sharon Allen, Chairman of Deloitte This hands-on guide is for women who are ready to transform their assumptions and join the senior ranks of American business.

The Influence Effect-Kathryn Heath 2017-11-06 Women hold over half of all professional jobs today, yet they represent just four percent of CEOs in the S&P 500. Even worse, that percentage has barely budged in a decade. That's where The Influence Effect comes in. Based on recent research by the authors of the New York Times bestseller Break Your Own Rules, this book begins with the premise that when it comes to political savvy, what works for men at work won't work for women. Packed with the authors' coaching insights and their "Big Five" strategies designed specifically for female executives, this book guides women to break past political barriers and get right to what they really want—influence. Authors Kathryn Heath, Jill Flynn, Mary Davis Holt, and Diana Faison make success far less complex, helping women overcome entrenched resistance to their ideas, create their own access points to power, and attract followers in a way that works for them. They present tools such as Influence Loops (to organically increase influence), Personal Scaffolding (to grow a groundswell of support), and Scenario Thinking (a savvy twist on strategic planning). These and other smart strategies finally allow women to succeed on their own terms. Illustrated with dozens of engaging, real stories culled from the authors' many years of coaching experience, The Influence Effect moves women past the politics problem and offers a new path to power. Actually, it's more than a path—it's a runway—it frees women to take off in their careers on their own terms. The Influence Effect will work for women, not because gender barriers will no longer exist, but because they will no longer hold women back.

Women and the New Business Leadership-Peninah Thomson 2011-06-09 In 'The Woman's Place is in the Boardroom' the authors put the business case for more women on company boards. In the next book they explained how to achieve it. Here the authors discuss the role women directors can play in the reform of corporate governance systems following recent financial, crises in leadership, governance and the economy.

Taming the Pound-Kim Stephenson 2011-10 Taming the Pound tells you everything you always wanted to know about handling your money. The book is designed to help you gain control of your money, instead of it controlling you. Whether you want to be able to talk about money with your partner, determine what you really want from your money, understand your spending habits or simply get a sense of financial control, Taming the Pound is a must read for creating success in life and work during the post credit crunch years. Using his unique experience as a qualified financial advisor, chartered and registered occupational psychologist, and qualified coach, author Kim Stephenson uses his consultancy experience to help people who want to get rid of their money worries and enjoy their lives. Using straightforward language, humour, cartoons and mixing current research with experience and anecdote, Taming the Pound provides the ultimate what you need to know guide for the person who does not have knowledge of, or interest in, complex finance. It explains both the real workings of the marketplace and the social and psychological influences at work on you when it comes to finances. So how do you make sensible decisions about finances and make money work for you? Read this practical, inspirational book, and then lend it to your bank manager! Kim Stephenson is unique, he's qualified and has practiced as both a psychologist and financial advisor. An accredited coach with over 25 years' consultancy experience, his

website www.tamingthepound.com helps people handle money. He's appeared in The Guardian and FT, Financial Solutions, Therapy Today and on BBC radio stations and at numerous conferences.

Ignite-Gabrielle Dolan 2015-06-15 Learn the authentic leadership skills that drive today's workforce to excel Ignite: Real Leadership, Real Talk, Real Results is an honest guide to achieving lasting business success by becoming a more authentic leader. Leaving behind the boring and mundane, this guide cuts to the chase with a frank and forthright style to provide insight that can radically transform your business. You'll learn how your communication style may be holding you back, and how a few simple changes can inspire your team, engage your customers, and remind you just how effective you can be. Storytelling is a powerful business tool, and this book shows how to find your own stories and dig deep to learn what's driving your leadership and motivating your diverse workforce. You'll successfully navigate the uncertain terrain brought about by mixed generational expectations, evolving technology, and a rapidly shifting culture as you learn to respond and adapt to become a more effective leader. Communication is everything, and leaders are expected to be "on message" at all times. Today's workers want to know the "why" behind the "what", and this guide shows you how to tailor your message and your entire communication style to have the biggest impact. Cut through the "boring" and "bull" and be real Communicate with impact across all platforms Ignite your teams, your customers, and yourself Level up, step out, and discover what you stand for The rapid rise of technology and social media has resulted in "information fatigue", and most leaders respond by communicating in logic and data. This approach has little impact on the shifting workforce demographics, and each new generation brings higher expectations from their employers and leaders. Ignite shows you how to exceed those expectations and become the authentic leader that drives today's business success.

The Sexual Paradox-Susan Pinker 2010-01-11 After four decades of eradicating gender barriers at work and in public life, why do men still dominate business, politics and the most highly paid jobs? Why do high-achieving women opt out of successful careers? Psychologist Susan Pinker explores the illuminating answers to these questions in her groundbreaking first book. In The Sexual Paradox, Susan Pinker takes a hard look at how fundamental sex differences continue to play out in the workplace. By comparing the lives of fragile boys and promising girls, Pinker turns several assumptions upside down: that the sexes are biologically equivalent; that smarts are all it takes to succeed; that men and women have identical goals. If most children with problems are boys, then why do many of them as adults overcome early obstacles while rafts of competent, even gifted women choose jobs that pay less or decide to opt out at pivotal moments in their careers? Weaving interviews with men and women into the most recent discoveries in psychology, neuroscience and economics, Pinker walks the reader through these minefields: Are men the more fragile sex? Which sex is the happiest at work? What does neuroscience tell us about ambition? Why do some male school drop-outs earn more than the bright, motivated girls who sat beside them in third grade? Pinker argues that men and women are not clones, and that gender discrimination is just one part of the persistent gender gap. A work world that is satisfying to us all will recognize sex differences, not ignore them or insist that we all be the same.

Womenomics in azienda. Come valorizzare i talenti femminili e trarre profitto da un buon equilibrio di genere-Avivah Wittenberg-Cox 2011-10-05T00:00:00

Den Geheimcode des Körpers-Harri Wettstein 2018-09-10 Sich selbst kennenlernen, die Geheimnisse des Körpers erkunden und um das Zusammenspiel zweier Liebenden wissen, dies sind die Voraussetzungen für eine erfüllende Sexualität und Liebe. Harri Wettstein lädt mit seinem Buch dazu ein, sich bewusst und nachhaltig auf Körper und Seele einzulassen. Wer den Geheimcode des Körpers knackt, kann sein Dasein aus eigener Kraft mit Sinn und Glück füllen und im Einklang mit der Natur leben. Das wollen Sandra und Timmy, die beiden jungen Helden des romanhaft angelegten Werkes, zwei Menschen zwischen Pubertät und Erwachsenwerden. Sie möchten mehr wissen, stoßen jedoch in Familie, Schule und Medien auf scharfe Grenzen. Dann aber entdecken sie ein Buch, das sie konsequenter und wahrhafter über ihr Sexualleben aufklärt, als das jahrelange Schulunterricht je geschafft hat. Harri Wettstein stellt allgemein verkündete Normen in Frage, bietet neue Lösungen für eine sichere, ökologische Verhütung und setzt alles daran, junge Menschen in ihrem Wissen und Selbstvertrauen zu stärken.

Book Review Index 2009-Dana Ferguson 2009-08 Book Review Index provides quick access to reviews of books, periodicals, books on tape and electronic media representing a wide range of popular, academic and professional interests. The up-to-date coverage, wide scope and inclusion of citations for both newly published and older materials make Book Review Index an exceptionally useful reference tool. More than 600 publications are indexed, including journals and national general interest publications and newspapers. Book Review Index is available in a three-issue subscription covering the current year or as an annual cumulation covering the past year.

Sexualaufklärung und Herausforderung Pornographie-Harri Wettstein 2016-10-03 Das Buch bietet auf der Grundlage einer wissenschaftlichen Studie Orientierungswissen zum Phänomen des digitalen Konsums von Pornos bis hin zur Sexsucht im Jugendlichenalter. Das Werk stellt das Thema kontrastierend, manchmal auch provozierend in den Kontext eines natürlichen Verständnisses von Sexualität. Es geht um Primärprävention im Sinne von psychischen Schutzmaßnahmen, die einen aufgeklärten Umgang mit dem Thema ermöglichen. Damit hilft das Werk, die Sprach- und Hilflosigkeit staatlicher Institutionen zu überwinden. Aufgrund der besonderen Expertise des Autors werden dabei auch Fragen der Fruchtbarkeit ausgehend vom Frauenzyklus behandelt. Ein einführender wie auch ein ergänzender Beitrag von Jakob Pastötter ordnen die Ergebnisse in den Forschungskontext ein. Ein dauerhaft aktuelles Thema, ein anregendes Buch, das Eltern, Psychologen, Ärzte und Pädagogen

informiert - und der gesellschaftspolitischen Diskussion förderlich sein dürfte.

The British National Bibliography-Arthur James Wells 2009

Knowing Her Place-Valerie Bevan 2017-12-29 More women are studying science at university and they consistently outperform men. Yet, still, significantly fewer women than men hold prestigious jobs in science. Why should this occur? What prevents women from achieving as highly as men in science? And why are so few women positioned as 'creative genius' research scientists? Drawing upon the views of 47 (female and male) scientists, Bevan and Gatrell explore why women are less likely than men to become eminent in their profession. They observe three mechanisms which perpetuate women's lowered 'place' in science: subtle masculinities (whereby certain forms of masculinity are valued over womanhood); (m)otherhood (in which women's potential for maternity positions them as 'other'), and the image of creative genius which is associated with male bodies, excluding women from research roles.

The Transgender Paradox: To Be Oneself-Amy Mueller 2012-04-01 Comprehensive analysis and case-study by a medically diagnosed Transsexual who completed gender reassignment surgery. An honest account of what life was like growing up with Gender Identity Disorder. Photographs are included, showing progress including earlier stages as a child. Raised Christian causing greater feelings of guilt as most religious groups continue to be in disbelief of the validity of this condition and proper treatment. The author has embraced the challenge to help educate the general public and calm their fears. Gender-Identity-Disorder is a very serious and potentially disabling condition. Experiencing first hand, the severity of losing one's own identity, then to write a book about the experience is extremely Rare. The author was married with children adding to the complexity. This study covers the Social, Medical, Spiritual and Philosophical aspects of gender change, offering hope for anyone who is transgender, homosexual or seeking gender reassignment

Boys Don't Tell-Randy Ellison 2011-08-01 American society is in the midst of a crisis, an epidemic of violence, secrets and shame. The victims reside in every town, on every street. Finding it easier to remain in denial than to confront this reality, the public minimizes the emotional aftermath of sexual abuse of children and provides few programs to help heal those afflicted. Recounting the author's journey through a minefield based on his own denial, Boys Don't Tell takes a subjective look back at a life distorted by the effects of child sexual abuse and offers insight as to why victims find it so difficult to just get over it and move on. Through the eyes and emotions of the author, it reveals his abuse as a teenager by a trusted minister and mentor, then recounts years of therapy, a formal complaint to The Church, and a lawsuit settled in mediation. Boys Don't Tell covers the nature of addictions, their impact, and the difficulty and reward in defeating them. Excruciatingly honest, Boys Don't Tell creates an openness that can facilitate healing in others. Boys Don't Tell gives voice to an estimated 20 million male survivors, and offers loved ones, professionals, church and organizational leaders the opportunity to understand the impact of child sexual abuse. As one reader put it, You have

been through so much, conquered so much, lost so much, and still have far to go. I was moved to tears. At times I felt I was eavesdropping. This is a tragic story filled with hope for justice and healing.,

Re-envisioning Education & Democracy-Ruthanne Kurth-Schai 2016-04-01 The future of public education and democracy is at risk. Powerful forces are eroding commitment to public schools and weakening democratic resolve. Yet even in deeply troubling times, it is possible to broaden social imagination and empower effective advocacy for systemic progressive reform. Re-envisioning Education and Democracy explores challenges and opportunities for restructuring public education to establish and sustain more broadly inclusive, deeply democratic, and effectively transforming approaches to social inquiry and civic participation. Re-envisioning Education and Democracy adopts a non-traditional format to extend social awareness and imagination. Within each chapter, one episode of an evolving strategic narrative traces the life cycle of a systemic reform initiative. This is followed by an exploratory essay that draws from theory, research, criticism, and practice to prompt consideration of focal issues. Woven through each chapter is a poetically framed meditative stream informed by varied historical and cultural conceptions of oracles. A developmental sequence of social learning strategies (exploratory democratic practices), accompanied by thematic bibliographic references, are included to model democratic teaching and learning applicable in classroom and community settings.

Anti-Feminisms in Media Culture-Michele White 2022-04-07 This important and timely collection examines the troubling proliferation of anti-feminist language and concepts in contemporary media culture. Edited by Michele White and Diane Negra, these curated essays offer a critical means of considering how contemporary media, politics, and digital culture function, especially in relation to how they simultaneously construct and displace feminist politics, women's bodies, and the rights of women and other disenfranchised subjects. The collection explores the simplification and disparagement of feminist histories and ongoing feminist engagements, the consolidation of all feminisms into a static and rigid structure, and tactics that are designed to disparage women and feminists as a means of further displacing disenfranchised people's identities and rights. The book also highlights how it is becoming more imperative to consider how anti-feminisms, including hostilities towards feminist activism and theories, are amplified in times of political and social unrest and used to instigate violence against women, people of color, and LGBTQIA+ individuals. A must-read for students and scholars of media, culture and communication studies, gender studies, and critical race studies with an interest in feminist media studies.

Resources in Education- 1994-02

David Lynch-Greg Olson 2008-09-29 For nearly 40 years, David Lynch's works have enthralled, mystified, and provoked viewers. Lynch's films delve into the subjective consciousness of his characters to reveal both the depraved darkness and luminous spirituality of human nature. From his experimental shorts of the 1960s to feature films like

Eraserhead, The Elephant Man, Blue Velvet, Mulholland Drive, and INLAND EMPIRE, Lynch has pushed the boundaries of cinematic storytelling. In David Lynch: Beautiful Dark, author Greg Olson explores the surreal intricacies of the director's unique visual and visceral style not only in his full-length films but also his early forays into painting and short films, as well as his television landmark, Twin Peaks. This in-depth exploration is the first full-length work to analyze the intimate symbiosis between Lynch's life experience and artistic expressions: from the small-town child to the teenage painter to the 60-year-old Internet and digital media experimenter. To fully delineate the director's life and art, Olson received unprecedented participation from Lynch, his parents, siblings, old school friends, romantic partners, children, and decades of professional colleagues, as well as on-set access to the director during the production of Twin Peaks: Fire Walk with Me. Throughout this study, Olson provides thorough analyses of the filmmaker's works as Lynch conceived, crafted, and completed them. Consequently, David Lynch: Beautiful Dark is the definitive study of one of the most influential and idiosyncratic directors of the last four decades.

The Wharton Magazine- 1977

Guide to Modern World Literature- 2017-03-14

El-Hi Textbooks & Serials in Print, 2000- 2000

Becoming World Wise-Richard Slimbach 2012-03-12 As world travel is growing exponentially, "alternative" travel has grown apace: from ecotourism, gap years, short-term mission trips, cultural travel-study tours, and foreign language study, to college-level study abroad, "voluntourism", and international service-learning. This book is intended to help the new generation of ethical and educational travelers make the most of their international experience, and show them how to broaden their cultural horizons while also making a contribution to their host community. This book guides independent and purposeful learners considering destinations off the "beaten path" on connecting with a wider world. Whether traveling on their own, or as part of a group arranged by an educational institution, humanitarian organization, or congregation, this book will enable them to make their international encounter rewarding, authentic, enriching, and learning-oriented. This book draws on the author's extensive travel and many years of guiding college students' global learning. Richard Slimbach offers a comprehensive framework for pre-field preparation that includes, but goes beyond, discussions of packing lists and assorted "do's and don'ts" to consider the ultimate purposes and practical learning strategies needed to enter deeply into a host culture. It also features an in-depth look at the post-sojourn process, helping the reader integrate the experiences and insights from the field into her or his studies and personal life. This book constitutes a vital road map for anyone intent on having their whole being—body, mind, and heart—stretched through the intercultural experience. Becoming World Wise offers an integrated approach to cross-cultural learning aimed at transforming our consciousness while also contributing to the flourishing of the communities that host us. While primarily intended for foreign study and service situations, the ideas are just as relevant to intercultural

learning within domestic settings. In a “globalized” world, diverse cultures intermingle near and far, at home and abroad.

Current Index to Journals in Education- 2002

Arden Shakespeare Complete Works-William Shakespeare 2014-03-10 This revised edition of the Arden Shakespeare Complete Works includes the full text of Double Falsehood, which was published in the Arden Third series to critical acclaim in 2010. The play is an eighteenth century rewrite of Shakespeare's "lost" play Cardenio and as such is a fascinating testament

to the original. A short introduction outlines its complex textual history and the arguments for including it within the Shakespeare canon. The Complete Works contains the texts of all Shakespeare's plays, poems and sonnets, edited by leading Shakespeare scholars for the renowned Arden series. A general introduction gives the reader an overall view of how and why Shakespeare has become such an influential cultural icon, and how perceptions of his work have changed in the intervening four centuries. The introduction summarises the known facts about the dramatist's life, his reading and use of sources, and the nature of theatrical performance during his lifetime. Brief introductions to each play, written specially for this volume by the Arden General Editors, discuss the date and contemporary context of the play, its position within Shakespeare's oeuvre, and its subsequent performance history. An extensive glossary explains vocabulary which may be unfamiliar to modern readers.

Australian Education Index- 1980
