Downtown-Pete Hamill 2004-12-01 In this "beautifully written, sharply observed, and heartfelt" guide to his hometown (New York Times), legendary New York City journalist Pete Hamill leads us on an unforgettable journey through the city he loves. Walking the Manhattan streets he loves, from Times Square to the island's southern tip, Pete Hamill combines a moving memoir of his own days and nights in new York with a lively and revealing history of the city's most enduring places and people. "Pete Hamill lovingly captures the vibrant sights, sounds, and smells of Manhattan from Battery Park to midtown, the most important, most exciting stretch of real estate in the world." -- New York Daily News

Licentious Gotham-Donna Dennis 2009-07-31 Licentious Gotham, set in the streets, news depots, publishing houses, grand jury chambers, and courtrooms of the nation's great metropolis, delves into the stories of the enterprising men and women who created a thriving transcontinental market for sexually arousing books and pictures. The experiences of fancy publishers, flash editors, and racy novelists, who all managed to pursue their trade in the face of laws criminalizing obscene publications, dramatically convey nineteenth-century America's daring notions of sex, gender, and desire, as well as the frequently counterproductive results of attempts to enforce conventional moral standards. In nineteenth-century New York, the business of erotic publishing and legal attacks on obscenity developed in tandem, with each activity shaping and even promoting the pursuit of the other. Obscenity prohibitions, rather than curbing salacious publications, inspired innovative new styles of forbidden literature--such as works highlighting expressions of passion and pleasure by middle-class American women. Obscenity prosecutions also spurred purveyors of lewd materials to devise novel schemes to evade local censorship by advertising and distributing their products through the mail. This subterfuge in turn triggered far-reaching transformations in strategies for policing obscenity. Donna Dennis offers a colorful, groundbreaking account of the birth of an indecent print trade and the origins of obscenity regulation in the United States. By revealing the paradoxes that characterized early efforts to suppress sexual expression in the name of morality, she suggests relevant lessons for our own day.

The Encyclopedia of New York City-Kenneth T. Jackson 2010-12-01 Covering an exhaustive range of information about the five boroughs, the first edition of The Encyclopedia of New York City was a success by every measure, earning worldwide acclaim and several awards for reference excellence, and selling out its first printing before it was officially published. But much has changed since the volume first appeared in 1995: the World Trade Center no longer dominates the skyline, a billionaire businessman has become an unlikely three-term mayor, and urban regeneration—Chelsea Piers, the High Line, DUMBO, Williamsburg, the South Bronx, the Lower East Side—has become commonplace. To reflect such innovation and change, this definitive, one-volume resource on the city has been completely revised and expanded. The revised edition includes 800 new entries that help complete the story of New York: from Air Train to E-ZPass, from September 11 to public order. The new material includes broader coverage of subject areas previously underserved as well as new maps and illustrations. Virtually all existing entries—spanning architecture, politics, business, sports, the arts, and more—have been updated to reflect the impact of the past two decades. The more than 5,000 alphabetical entries and 700 illustrations of the second edition of The Encyclopedia of New York City convey the richness and diversity of its subject in great breadth and detail, and will continue to serve as an indispensable tool for everyone who has even a passing interest in the American metropolis.

Art and the Empire City-Catherine Hoover Voorsanger 2000-01-01 Presented in conjunction with the September 2000 exhibition at the Metropolitan Museum, this volume presents the complex story of the proliferation of the arts in New York and the evolution of an increasingly discerning audience for those arts during the antebellum period. Thirteen essays by noted specialists bring new research and insights to bear on a broad range of subjects that offer both historical and cultural contexts and explore the city's development as a nexus for the marketing and display of art, as well as private collecting; landscape painting viewed against the background of tourism; new departures in sculpture, architecture, and printmaking; the birth of photography; New York as a fashion center; shopping for home decorations; changing styles in furniture; and the evolution of the ceramics, glass, and silver industries. The 300-plus works in the exhibition and comparative material are extensively illustrated in color and bandw. Oversize: 9.25x12.25". Annotation copyrighted by Book News Inc., Portland, OR

American Milliners and their World-Nadine Stewart 2021-01-14 Studies of millinery tend to focus on hats, rather than the extraordinarily skilled workers who create them. American Milliners and their World sets out to redress the balance, examining the position of the milliner in American society from the 18th to the 20th century. Concentrating on the struggle of female hat-makers to claim their social place, it investigates how they were influenced by changing attitudes towards women in the workplace. Drawing on diaries, etiquette books, trade journals and contemporary literature, Stewart illustrates how making hats became big business, but milliners' working conditions failed to improve. Taking the reader from the Industrial Revolution of the 1760s to the sexual revolution of the 1960s, and from Belle Epoque feathers to elegant cloches and Jackie Kennedy's pillbox hat, the book offers a new insight into the rise and fall of a fashionable industry. Beautifully illustrated and packed with original research, American Milliners and their World blends fashion history and anthropology to tell the forgotten stories of the women behind some of the most iconic hats of the last three centuries.

Advanced Spiritual Intimacy-Stuart Sovatsky 2014-05-14 A practical guide for both individuals and couples to transform sexual energy into spiritual and erotic fulfillment • Explains how to awaken advanced stages of sexual development for spiritual intimacy and deep erotic satisfaction • Includes illustrated instructions for exercises and techniques based on yoga, kundalini, breathing practices, mantra chanting, and chakra meditation • Explores how this practice can deepen a life partnership, enhance creativity, heal emotional scars, and awaken new understandings of gender Sexual development does not end in adolescence. There are advanced stages of glandular, emotional, and erotic development based in the lifelong “puberty of the spine.” Known in India as kundalini awakening, these stages form the energetic basis of all yoga forms and deeper erotic aspirations. They present an opportunity for couples and individuals to explore the consciousness-expanding abilities of sexual energy as both spirituality and sexuality transform into what Michel Foucault called ars erotica, far beyond the Freudian scientia sexualis sexuality of the Western world. Offering a guide to the advanced stages of human sexuality and a passionately infused tantric yoga practice, Stuart Sovatsky explains how to awaken the complete spinal puberty, resulting in spiritual intimacy and orgasmic pineal maturity that far surpasses the gratifications of modern sexuality. With illustrated instructions, he reveals flow-yoga asanas, mantras, and devotional breathing practices for solo kundalini yoga as well as couples' yoga practices and chakra meditations to awaken the heart and the divinely eroticized mind. He shares inspiring stories from those on this path about ever-deepening life partnerships, enriched family life, enhanced personal creativity, profound new understandings of conception, masculinity, femininity, and gender itself as well as healing emotional scars of romantic breakups and sexual abuse. Sovatsky shows that by transcending conventional Western sexuality and returning to the ars erotica beliefs of ancient India, we can harness the divine energy--glimpsed for only an instant by most people--at the heart of all erotic yearning.

Advanced Spiritual Intimacy-Stuart Sovatsky 2014-05-14 A practical guide for both individuals and couples to transform sexual energy into spiritual and erotic fulfillment.
